HEALTH CARE AUTHORITY REPORTS **FORMAT**

Your **AGY/AGY-SUB** is in the top left corner.

Employees are listed alphabetically by last name in the **NAME** column.

Next is the employee's **SSN**

BATCH NUMBER AND SEQUENCE# are assigned by the system and show the source of the adjustment

DLY - Daily eligibility updates - system generated

ADJ - Adjustments made by Health Care Authority Accounts Auditors

INV - Invoicing - system generated

XFE - Transfers - system generated

COV PER indicates the coverage period which is affected

The **TRAN DATE** is the date the transaction occurred and is the same as the run date for daily reports.

AGY/SUB-AGY is listed for the adjustment

The **ACCTS REC** shows the **ER** - which includes both the employer portion and the employee health portion.

The **CARRIER PREMIUMS** section shows the amount paid to the carriers.

The **MED EC** line shows the employee health portion.

The PV (premium variance) is the difference between the amount paid to the carriers and the account receivable amount (amount collected).

Using the Daily Eligibility Update Report And Daily Adjustment Report

- These reports are produced nightly out of the daily invoicing process based on eligibility updates and manual adjustments that have been keyed throughout each day.
- In order to verify accurate accounting corrections, the following fields of the report should be checked when an account appears on the report:
 - **Employee Name and SSN** – verify you have keyed or requested updates for all employees listed (this will only show if the eligibility changes resulted in accounting changes). If you keyed changes on additional employees the changes did not affect the premium. Check with HCA if you think they should have.
 - **Coverage Period** – is in YYMM format. Verify you have received accounting changes for each month.
 - **Agency/Sub-Agency** – verify that only invoices/credits for your employees have been invoiced and/or credited and the correct sub-agency was keyed.
 - **Amount** - A negative sign (“-“) after a dollar amount indicates a credit to your agency. No negative sign indicates a charge to your agency.
 - **Carrier Premiums (Health and Dental)** – verify the health and/or dental carrier codes are accurate.
 - **Med EC** – verify that the appropriate carrier code and corresponding employee contribution has been properly credited and/or billed. (Although this detail falls under “Carrier Premiums”, it represents the amount your agency will be charged under “Employee Contributions”).
 - **Accts Rec - ER** – verify that your agency is being credited and/or billed the appropriate employer amount. This amount listed is the combined total of the employer contribution (\$976.00) plus the employee contribution.
- If you identify any discrepancies or expected different charges, please contact HCA Accounts Receivable for a review of the transactions.
- The net result of the changes reported will be picked up by the next monthly billing file.

DAILY ELIGIBILITY UPDATE REPORT

REPORT NAME: Daily Eligibility Update Report by Agency

REPORT NUMBER: HRISDB5044-R04

DESCRIPTION: Shows daily eligibility updates made by the agency payroll offices, and/or HCA's eligibility department that resulted in daily premium adjustments. The daily eligibility update report shows invoices and credits for each affected coverage period for each employee. Agencies should receive this report the day after changes affecting premiums have been keyed for that agency/sub-agency.

DAILY TRANSFER HOLD FORWARDING REPORT

Daily Transfer Hold Forwarding Report by Agency

HRISDB5044-R06

Shows employee accounts which were in transfer-out status and which had not been appointed by the new agency by the next monthly invoicing cycle run date.

If you have transferred an employee “out” to another college or state agency on the A.41 screen and the gaining agency hasn’t transferred them “in” yet, contact the agency to remind them to key the transfer “in” on the A.41 screen. All invoicing is suspended until the transfer is completed by the gaining agency.

DESCRIPTION:

This report includes all information reported on the Daily Transfer Hold Forwarding Reports by Agency for the period.

System Limitations

- **Keying an enrollment and a termination on the same employee or dependent on the same day may cause invoicing problems.** If you make an error when keying a change, let the system process the change overnight, and then key the correction or reversal the next day.
- **One month of invoicing may not get backed out.** If an employee or dependent is enrolled and then terminated with the same effective date as the enrollment, the insurance system will not back out the first month's invoice. Contact PEB Accounting via FUZE when this occurs and we will manually reverse the invoice.
- **Keying multiple SSN changes on the same employee or dependent on the same day will cause accounting issues.** If you change the SSN of an employee or dependent and make a keying error you must wait until the next day before keying the correction. DO NOT key a retroactive change to a SSN, contact PEB Accounting for assistance.
- **Keying eligibility screens out of numerical order can cause problems.** New enrollments (new hires) and multiple changes (like marriage) should be keyed in the order of the screen numbers (i.e.; A.41, A.43, etc). If the numeric order is scrambled (i.e.; keying the A.41, then the A.44, then the A.43, then the A.45) the daily invoicing process may not read the data correctly.
- **Timing of retro-terms can cause problems.** Retroactive terminations that are keyed by HCA due to requests right before the billing file run date (15th) can cause the credit balance reported on the billing file to be incorrect. PEB Accounting must post manual adjustments to correct the credit balance being reported on the billing file when the retro-term is subject to PEBB Policy 6-02. If we don't get notified in time to post the adjustments before the billing file runs, a false credit will be reported. Due to system limitations, the adjustment to reverse the credit will show as all ER (no EC) instead of being correctly distributed between ER and EC on the billing file. If the entire credit was EC, the adjustment will show in the ER column on the billing file in error.

Reminders

- **Be aware of invoicing dates when requesting eligibility or accounting changes –** Changes keyed after that date will not be reflected until the invoicing cycle following the eligibility change. Invoices are created once per month, PEB Accounting is unable to rerun an invoice.
- **Please read your reports carefully –** what appears to be a double invoice may be invoicing for prior month(s) and current month. The coverage period field will indicate the month(s) which are invoiced for each employee.
- **Eligibility problems should be addressed to HCA Benefits Services - HCA Accounts Receivable cannot assist you with eligibility problems.**
- **If the subscriber's eligibility is correct, and billing is incorrect, contact PEB Accounting via FUZE or email.** (A current PEB Accounting section contact list is included at the end of this packet).
